OFFICE OF THE DEWAN OF MYSORE

REVENUE AND GENERAL, DEPARTMENTS.

Short Office Note.

*Subject Letter no 70 dated the 3rd Sept 1902 from the President of the Municipal Commission Bangalore City in regard to the amalgamation and re-organization of the Plague and Conservancy Establishments of the Bangalore City

Note

The President submits a copy of the Board's Resolution approving of the ~~Office~~ Health Officer's proposal to re-organize and amalgamate the Conservancy and Plague Establishments of the Bangalore City as given in the accompaniment

Particulars of Budget head	Existing scale	As proposed by Pub. Committee	As proposed by the Health Officer	Explanation as to the increase proposed by the H. Officer over the scale suggested by the Pub. Committee.
Conservancy	31812	29,412	28392	
Do other charges	8132	3684	5760 (a)	(a) Increase is due to the provision made for 27 instead of 18 carts.
Health Office Establishment.	4800	3240	3300 (b)	(b) Contingency fixed at Rs 300 instead of 240
Registration of births & deaths	7392	2220	5976 (c)	(c) Owing to re-distribution in the scale. (Please see detailed list).
Burial grounds	2760	2760	2400	
Vaccination	524	524	444	
Public Works — Drain Khalihattis	504	504	504	
Epidemic Diseases Hospital —	5412	4752	5212 (d)	(d) Increase is chiefly due to the grant of allowances to Superintending Lady Dhaicary & Hospital Assts: at Rs 100, 40 & 20 respectively & employment of a Midwife and a clerk on Rs 25 & 15 and also to the raising of the cost of rations from Rs 345 to 490 portion being debited to funds
Slaughterhouse Establishment	690	690	684	
Total Municipal	62,026	47,786	52,872	
Epidemic Diseases Hospital	12312	"	9936	
Pre-inspection	5184	-	-	
Police	6240	-	-	
Conservancy & Health Office staff	600	-	-	
Disinfection	9672	-	8808	
Total Plague	34,008	-	18,744	
Grand Total	96034	-	71,616	

2 It is submitted that among other things, the Health Officer proposes to reorganize the Camp Establishment of the Epidemic diseases Hospital and maintain it (the latter) as a permanent institution for the accommodation and treatment of persons suffering from all infectious diseases and to put the Leper Asylum and Incurable wards in charge of the Superintendent of that Hospital.

3 The result of the proposal ~~[illegible]~~ is that the Municipality ~~its~~ with its ~~own~~ finance will be burdened with permanent additional expenditure of Rs 5086 over that fixed by the Sub-Committee, ~~[illegible]~~ while there will be a saving of Rs 15261 under Plague Establishments which are purely temporary.

Matter

matter for Consideration how ~~the~~ ~~temporar~~ any amalgamation could be thought of between a temporary Plague Estt and the permanent Conser: Establishment attached to the Municipality. The Plague Establishment is liable to be done away with at any moment, and the Provincial funds cannot it is feared always contribute for the ~~maintenance~~ up-keep of institutions which the Municipality is bound to maintain. The Board do not seem to stick up to their resolution. Only the other day they approved of the Sub Committees proposals and Minutes & the same for the fountain of Youth, and now the same body has proposed to modify the resolution once arrived at to the extent proposed by the Health Officer. Then how can

1897 28-02 from Bangalore City (2209) before the Il Councellor.

o idea of their financial position
nd it may not be safe to proceed
the lines suggested by them.

The President may therefore
f approved, be asked to give up
ll idea of amalgation for the present
e Budget for the Current Year
eing framed in accordance with
e Sub Committee's report approved
y the Board, except the items
elating to amalgamation if any,
nd the Conservancy Establishment;
hich will stand as at present

Sub to Secretary for orders

JB
16/11/1907

The Proposals deserve consideration
The idea of keeping the functions distinct
Hospital is a very good one if it
is - & very good one if it
cannot be carried further or later.

If thereby a greater charge is thrown on the Municipality it may fairly bear a share

If the Conservancy establishment of the Municipality is well organised and kept up under proper agency, the cost of keeping a Plague Establishment should be separately kept up & kept perhaps in ~~Camp~~ times of undue stress

der may be passed

'Recorded as the proposals have been considered in passing the Estimates for the current year & the Finance Committee

JB
7/4/03

The Director through the 2nd Councillor

JCC in Ramaiyya re our discussion on the morning of Wednesday next at 8 - this and several other matters have therein to be dealt with as a whole -

JB 7/4/03 13/4/03

Some such order as the following
would be proper

The amalgamation pro-
posed does not com-
mend itself to the Govt
who are therefore unable
to sanction it. There are
two Establishments in-
volved, one of which
is permanent and the
other temporary, and the
fusion of both is
undesirable. ~~[illegible]~~

THE PRESIDENT

MUNICIPAL COMMISSION,

BANGALORE CITY.

To The Secretary to the
Government of Mysore in the
General & Revenue Deptt.
Bangalore

Sir,

With reference to
No. 1703 (4)
& 7 11-99 dated the 28th July 1902, I have the
honor to submit herewith a copy of
Boards' resolution dated the 28th August
last approving the proposals of the Head
Officer regarding the Amalgamation
reorganization of the Conservancy and
Establishments in the City together
with an explanat-

embodying the details of the proposals
which I beg leave

I have the honor to be

Sir.

Your most Obedient Servant

Extract from the proceedings of an Ordinary Meeting of the Board held on 28th August 1902.

× × × ×

2 ✓ Docket No. 1703—L. F. 11-99, dated the 28th July 1902, from the Secretary to the Government of Mysore in the General and Revenue Departments returning the two statements relating to the re-organization of the plague and conservancy establishments in the City as proposed by the Health Officer for resubmission with the views of the board thereon.

It was proposed by Mr. Cameron and Seconded by Mr. Venkatachar that the Health officer's proposals be adopted.

An amendment was proposed by Mr. Appajappa and Seconded by Mr. Ramaswami Chetty that the Health officer's proposals be referred to a sub-committee for consideration.

The amendment was put to the vote and was lost 4 voting for and 7 against it.

The original proposition was then put to the meeting and was carried; the views of the Board being that the proposals now made by the Health officer be accepted by the Board in lieu of those proposed by the sub-committee, the difference being only

Rs. 5412-L

7 voting ✓ 4 against

1st M. K. Sharma

Memo

Office Contingencies:- The provision of Rs 100/-. under this head is reduced to Rs 25/- per month on the understanding that all printing charges pertaining to the Departments working under the Health Officer will be met from the provision made for it in the "Head Office" and that all stationery articles required for these Departments will be supplied from the "Head Office" as well.

Registration of Births and Deaths :- One Registrar, one midwife and 2 peons of the Palace Division Registration Office as well as the contingencies of that Office have been reduced. The contingencies of other Registration Offices have also been reduced from Rs 10/- to Rs 5/-. The rest of the Establishment we have to be retained as they are should Registration of Births and Deaths

be

be continued e
The abolition of
certificate system is
a retrograde step It
cannot be dispensed
with without injuriously
affecting Public Health
work. The present
Medical Registrars
report births, illness
and deaths occurring
in their respective
Divisions. Should these
Registrars be done
away with it will be
difficult to know what
diseases prevail and
almost impossible
to ascertain causes
of death in most
cases. To prevent the
spread of infectious
diseases it is essential
that prompt information
should be available
as regards their origin
and progress. Such
prompt information
will not be available
but by retaining the
Registration Staff
recommended.

Burial-grounds.

The services of the two
ill-paid Daffadars
and 6 Watchmen have
been dispensed with,

with

6

north, with effect 1st July 1902 and the Plague Police Duty whose services are recommended to be retained as Municipal Prosecuting Inspector has been ordered to supervise the work of the Burial-ground watchmen in addition to his other duties. The contingencies provided for the Burial-grounds will not be required as the expenditure will be met from the amount provided for Health Office Contingencies.

Conservancy Department:- The Conservancy Department has to be re-organized by substituting qualified Agency in place of the present unqualified and inefficient staff. This will be effected gradually as the present hands are provided for elsewhere or are otherwise dispensed with. The Chief Sanitary Inspector will have annual increments of ~~Rs~~ 5/- and the IInd Class Inspec-

There are now 37 carts employed including one new one employed in place of the Umani carts. The retention of 18 carts as recommended by the Sub-Committee means a reduction of 19 out of the existing number. This cannot be done without seriously interfering with efficient conservancy. If the Board decide to discontinue sending carts to Government and other Institutions 10 carts may be reduced.

Purchase of Carts

There is only one night soil cart for the whole City. More are urgently needed. Two additional carts were applied for in August 1901 and these have not been supplied yet. The elimination of the provision under this head as recommended by the Sub-Committee is therefore not understood

Contingencies of the Conservancy Department, Market and Slaughter House and the Vaccination Department

The provision made under these heads is eliminated as the contingent charges of these Departments will be met from the allotment provided for Health Office Contingencies

Diseases: The Camp Established
Hospital has to be re- d
and the camp
-ed as a permanent
institution for the
accommodation and
treatment of persons
suffering from all
infectious diseases
such as Cholera, Small
-pox, Plague &c. The Super
-intendent of the Camp
will be able to take
charge of the Seper
Asylum which is proposed
by Government to be
removed to the Nagadi
Road Camp. The Incurable
Wards may also be removed
to the Camp and placed
under the charge of
the Superintendent.
The re-organization
as proposed has been
approved of by the
Senior Surgeon. This
Office No. 2093 dated
the 28th May 1902 in the
file gives full details
of the re-organization
At present the cost of
the Camp is Rs 17,724/
of which Rs 5412/- is
paid by the Municipality
and the rest by Govern...t

The moiety now paid by the Municipality is shewn against it as a permanent charge and of Rs 12312/-. now paid from Provincial funds Rs 2376/-. will be savings to Government when the revision of the Establishment as proposed is effected. When the Leper Asylum and the Incurable Ward are transferred to the Nagadi Camp, there will be further savings to Government in the supervision and portion of Establishment charges of these Institutions.

The whole Establishment Plague Supervision of temporary Sub-Registrars, 36 in all, paid from Provincial Funds has been dispensed with from the 7th July 1902. on condition that compulsory notification of illness, death &c will be enforced according to the Regulations.

As plague measures Plague Pol.
are now relaxed the retention of a large Police Staff does not seem to

necessary the Superintendent of Police may be asked to arrange to take charge of all property to watch the camp. Pending final orders 4 Constables have been retained and the services of the rest dispensed with. The Plague Police Inspector is retained as a Prosecuting Inspector and is provided for under head "Burial-grounds" He will conduct all plague and municipal prosecutions and relieve the Sanitary Inspectors of this latter duty. This Officer will also supervise the work of the Burial-ground watchmen in place of the Daffadars whose services have been dispensed with recently.

Disinfection

It is proposed to employ 2 qualified Sanitary Inspectors to supervise disinfection in place of the present unqualified Inspectors, so that when there is not much of disinfection work

On

they may be of service as Sanitary Inspectors. These 2 Inspectors will be required to supervise disinfection work throughout the city as these and the 4 Inspectors proposed under the "Conservancy Department" may all be employed on Conservancy work and given smaller areas and expected to supervise disinfection work in their respective Divisions in addition to supervising the work of Conservancy staff

The Store-keeper's appointment is proposed to be made permanent on Rs 20/- a month instead of Rs 25/-. He will be given charge of all stores both plague and Conservancy. He will also be in charge of the Ambulance Department

7 Gangs of disinfection coolies are proposed to be retained during

Seasons

When are
Epidemics the
will be reduced. At
present there are only
4 gangs in service.

When the re-organiza-
-tion and amalgama-
-tion of Plague and
Conservancy Depart-
-ments as above shown
is sanctioned the
savings effected will
be ~~Rs~~ 24,418 a year
or ~~Rs~~ 9154/- under
Municipal Funds
and ~~Rs~~ 15,264 under
Provincial.

14

Letter no 70 dated the 3/9 th September 1902 submitting a copy of the Board's resolution approving of the Health Officer's proposal to re-organize the Plague establishment of the Bangalore City and amalgamate the same with the Conservancy establishment.

R.L. 2034

Orders thereon no 16301 26/5/03
L 188-02 188-02

The amalgamation proposed does not commend itself to the Government who are therefore unable to sanction it. There are two establish-

involved, one of which is
permanent and the other
temporary, and the fusion
of both is undesirable
